

This indoor/outdoor color bullet camera measures only 3 9/16 inches long and is approx. 1 3/16 inches thick. It runs on a regulated 12VDC power supply and includes an adjustable bracket and a 5 foot long combination power cord/video cord. With a IP-66 rating it can be placed outside without fear of damage from inclement weather. The included color coordinated sun shield snaps on / off for easy adjustment so it can be placed in sunlight or near light sources, if necessary.
